

LPD 17

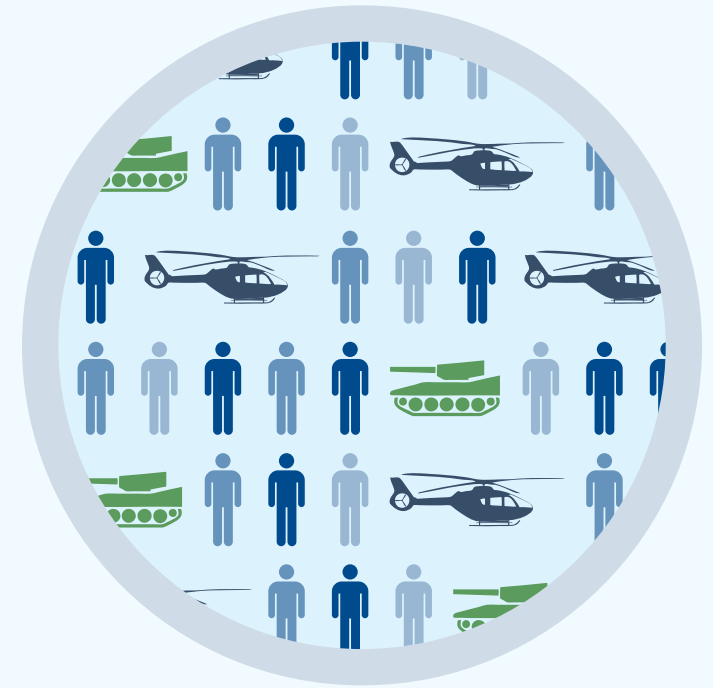

SAN ANTONIO CLASS

RELIABLE

Proven warfighter designed to operate independently or as part of an Expeditionary Strike Group

Multiple combat and humanitarian mission successes in Afghanistan, Iraq, Libya, Japan, Haiti and Lebanon

CAPABLE

Combat weapons, vertical takeoff/landing aircraft, landing craft

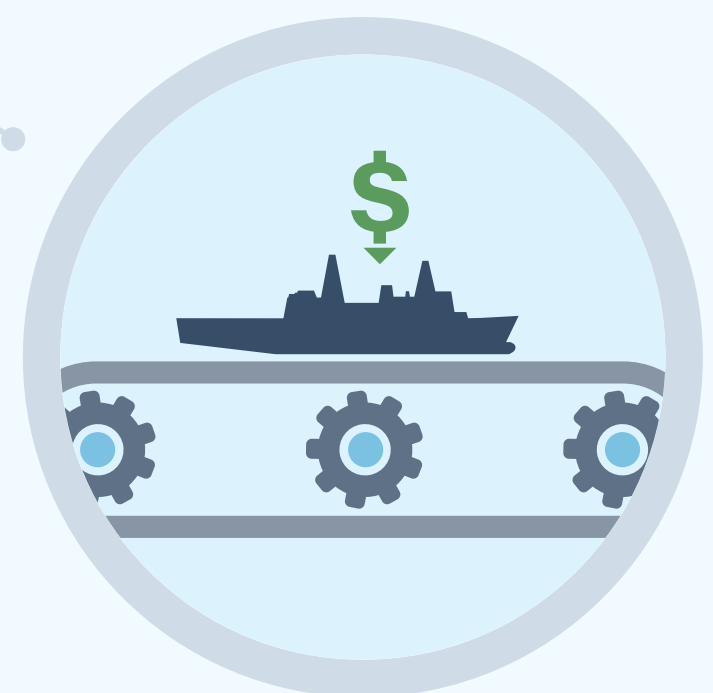

Embarks 800 Marines and equipment

ADAPTABLE

Multi-disciplinary role for amphibious, air, land and sea around the world with little or no additional fleet support

Embarks, launches and recovers five forms of support vehicles/aircraft

AFFORDABLE

Keeps a hot production line and stable vendor base maximizing efficiency, resulting in reduced costs

Sustains America's naval shipbuilding and supplier industrial base providing key jobs for Navy engineers, Ingalls shipbuilders and equipment suppliers across 38 states

SURVIVABLE

Shock-hardened features with multi-layered protection systems reduce vulnerability to attack, to bring our sailors and Marines home safely

Streamlined design makes its position harder to detect

Hard Stuff Done Right™
