

PRECIOUS CARGO

Keeping our military safe takes a ship as formidable as the LPD 17 *San Antonio* class of amphibious warships.

The brave Sailors and Marines who protect our nation's security deserve nothing less than a ship that is adaptable, flexible and reliable. Most importantly, they deserve to serve on ships that can take them into harm's way and bring them safely home. They deserve a class of warships as capable as LPD 17.
